“ WE TAKE  
EDUCATION  
TO THE NEXT LEVEL  
THAT PROVIDES  
FREEDOM & CREATIVITY ”

## OUR MISSION

P. N. Classes seeks to create a challenging learning environment that encourages high expectations for success through development and appropriate instructions that allows for individual differences and learning styles.

## OUR VISION

Our Vision is for each pupil to develop a curiosity of learning, discover their interests and grow in their love of learning. We also desire to have strong families through parent support / fellowship and skills training.

# FEATURES

## PERSONALIZED ATTENTION

P. N. CLASSES have an outstanding and highly educated faculties who value Individualized attention and facilitates student comprehension. Since small class size encourages learning, we have a batch of only 20-25 students.

---

## UNIQUE STUDY MATERIAL

Study material for Both CBSE & GSEB boards are abridged by our head departments whereas for other courses notes are compiled by our experienced faculties. Study Material at P. N. Classes is designed carefully after analyzing all the previous year question papers. This helps the students to understand the gist of the chapter better.

---

## REGULAR TEST

Conducting a test is an important parameter to determine how well the student has understood a concept. All the papers are assessed by our experienced faculties itself. All the tests so conducted are based on the current exam pattern.

---

## STRICT ATTENDANCE RULE

We at P. N. Classes believe that it is important for a student to attend every lectures so as to get a smooth experience in the journey of learning and hence we have installed Bio-metric security machines which will keep track of the student's attendance. Compulsory attendance for all lectures and tests are undertaken and parents are regularly informed about the same.

---

## INTERACTIVE LEARNING ENVIRONMENT

We at P. N. Classes make it a point to organize student-teacher interaction so as to make the learning process more engaging and fun. We also conduct paper discussion to make every student aware about their mistakes and provide them with the necessary solutions to avoid the same.

# THINKING FOR **BEST** GUIDANCE?

At P. N. Classes, I've learned so much more than what's in the textbooks. The teachers always push us to think critically and ask questions, which has really helped me improve in subjects like math and science. I also love how interactive and supportive the environment is—it's like we're all learning together. I'm thankful to be part of a place that encourages not only good marks but also personal growth.

# THINKING FOR **BEST** CLASSES?

Joining P. N. Classes has been one of the best decisions for my studies. The teachers here really care about every student's growth and explain concepts in a way that's easy to understand. The extra doubt-solving sessions and regular tests have helped me stay confident for my board exams. It's not just about academics here, but also about developing skills and discipline. I feel more prepared than ever!

## “About P.N.Group

P. N. Group of Education is a multifaceted organization dedicated to delivering high-quality education and making a meaningful impact on society. Our group encompasses three key pillars, each serving a unique purpose in shaping the future of education.

P. N. Institute follows a concept school model that integrates both school education and tuition classes. We offer a seamless learning experience under one roof, ensuring that students receive academic excellence and in-depth preparation for competitive exams like IIT-JEE and NEET. Our specialized faculty and structured curriculum provide the foundation for success in these prestigious fields.

P. N. Classes is another branch that focuses on delivering top-tier tuition classes for students in Standards 7<sup>th</sup> to 12<sup>th</sup>, in both Science and Commerce streams. Our goal is to help students excel academically while also nurturing their overall development.

Through our diversified efforts, P. N. Group of Education is committed to empowering young minds, fostering intellectual growth, and contributing to a better society.

## Our Belief System

At P. N. Group of Education, we believe that education is not just about academic success but about nurturing the whole individual. Our philosophy is rooted in the conviction that every child has the potential to succeed when given the right guidance and opportunities.

We emphasize on blending knowledge with character development, leadership, and social responsibility. We believe in creating an environment where students can explore their talents and interests while receiving the best academic support. From preparing for competitive exams to shaping compassionate and responsible citizens, we aim to make education accessible to all, including those from disadvantaged backgrounds through our NGO, P. N. Foundation.

Our core belief is that education is a powerful tool for social change. By empowering students with knowledge, critical thinking, and ethical values, we hope to build a brighter, more equitable future.

## Our Future Plans

01

**Expansion of P. N. Institute:**  
We plan to broaden our concept school model by opening branches in other cities, ensuring access to quality education for more students.

02

**Digital Learning Platform:**  
We aim to launch an online platform to offer digital courses and resources, helping students prepare for competitive exams from anywhere.

03

**Social Impact Programs:**  
Through P. N. Foundation, we are aiming to, educate more underprivileged children and promote awareness on key societal issues.

# SHINING STAR OF OLYMPIAD EXAM

**SRUSHTI JANI**

**PREET TECKCHANDANI**

## OLYMPIADS

Olympiads provide a unique competitive platform to young intellectuals. They help students analyze their weak and strong attributes and bring out the best in them. Olympiads are highly challenging in nature which improves student's aptitude and builds their confidence. In addition, they cultivate analytical thinking, improve conceptual understanding and enhance problem solving skills.

Each Olympiad is a separate exam with its own organizing body and a common set of rules and regulations. Olympiad exams thus serve as a platform to challenge the intellectual minds in mathematics and science across the world.
